

► News 3 Hunger Heroes

June 2018

Be a Hunger Hero and help News 3 and Goodman Community Center provide over 12,000 meals to food-insecure families this summer.

During the summer, families struggle to provide three square meals for their children who are out of school. One in nine Dane County children struggle with food insecurity which means at least three children in every classroom don't know where their next meal is coming from. Food pantry usage sees a 15% increase over the summer months and we need help keeping shelves stocked with healthy food options.

Reusable tote bags, each filled with groceries for 6 meals, will be distributed weekly to the 300 children and families enrolled in Goodman's summer programs and food pantry.
